## **WLGA REPRESENTATION ON OUTSIDE BODIES**

### **Purpose**

1. For members to review and appoint the WLGA's representation on Outside Bodies.

### **Background**

2. The WLGA Leadership and Spokespersons are the Association's primary interface with a range of external bodies, including the Welsh Government, Welsh Government Sponsored Bodies, the Local Government Association, top-sliced bodies and also a range of other public, private and third sector organisations. The members represent the interests of local government as a whole and are supported by the officers of the WLGA. Spokespersons have delegated authority to ratify relevant WLGA consultation responses, policy documents, press releases, and on occasion will undertake media interviews.
3. There are also instances where the WLGA is asked to formally nominate representatives to 'Outside Bodies' and the representation on such bodies is reviewed by the membership on an annual basis. Some of these bodies operate on a task and finish basis, others are continuing or longer term. The role of these representatives is to represent the interests of local government and through sharing members' experience and knowledge to inform and enrich debate and deliberation.
4. The WLGA has previously appointed a range of councillors on these bodies, including Leaders, Spokespersons, WLGA Council members and councillors beyond the WLGA Council membership to increase scope for member involvement in the Association, and this approach is widely supported.
5. The list of the Outside Bodies requiring nominations for WLGA representatives are included in Appendix 1 and include members nominated in 2023-24 for reference.

### **Recommendations**

6. The WLGA Council is invited to:

- 6.1 Review the WLGA's representation on outside bodies and appoint new members for the roles specified.
